

Word Detective Time!

Sometimes when two letters are together, they make a new sound called a diagraph. Can you think of words that have the letters **Wh** and **Ph**? Here are two to get you started: While and Philosophy.

Now it is your turn to be a word detective! Make a list of all the words you can think of that start with the letters **Wh** and **Ph**. If you get stuck, go on a hunt around your home and see if any of the objects you notice begin with one of the diagraphs.
